

# PROPLANET

## Enhanced Safe and Sustainable coatings for supporting the Planet

The main goal of PROPLANET is to design and optimize 3 innovative coatings tackling the problem from a sustainable business perspective, overcoming the barrier for environmental protection, safety, chemical improvements, and circular value chains, aiming to substitute current coatings based on per- and polyfluoroalkyl (PFAS).

Three different use cases: Technical Textiles Application, Low Maintenance Glass and Food Packaging Machinery Application.

## REEPACK™

### Food Packaging Machinery Application

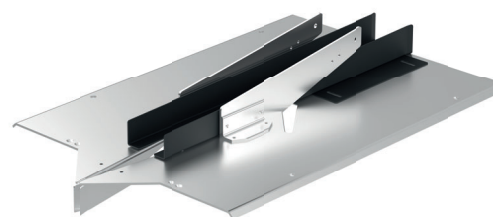

Tray Sealers Machines

Thermoforming Machines

Flow Wrap Machines
